## 2018 Hino 155d-149 Auto

**Kilometers:** 130  
**Type:** Truck  
**Colour:** White  
**Transmission:** Automatic  
**Stock #:** WEB-009

**See dealer for  
pricing details**

**COMMENTS:** Designed for the North American market, the Hino COE models were engineered with near perfection in mind. The 2018 Hino 155 delivers performance, durability and low cost operation in Ontario and across provinces. With a 5.1L diesel displacement engine, Aisin A465 (PTO capable) 6-speed automatic transmission, plus strategically improved aerodynamics, the Hino 155 has 210 horsepower, producing 440 lb.-ft. torque. The Hino 155 features a fully-loaded cab that includes an adjustable driver's seat with magnetic suspension, along with a two-person high-back bench seat, so you can bring the crew for lunch. Power door locks with keyless entry make entering and exiting the cab easy, especially when your hands are full. Efficiency is at the heart of every Hino truck and the new 155 is no exception. This time around, the Hino 155 enables a rear mounted, 30-gallon fuel tank that strategically improves the truck's weight distribution and its payload capacity.
