- Steering Wheel Audio Controls
- Tilt Steering
- Traction Control

COMMENTS: Nissan's Juke is a 'love-it' or 'hate-it' type of vehicle, with good odds that members of the latter group might warm up a little if they learn about what this amphibious looking crossover has to offer. Options for the S include back-up camera, Bluetooth, and power accessories.

This vehicle was repurchased by the manufacturer due to a complaint from the previous owner about the check engine light. Despite having resolved the issue by replacing the turbo and catalytic converter, the manufacturer stepped in to promote customer satisfaction or to comply with local laws and repurchased the vehicle. As a result, this vehicle is known as a manufacturer buyback....
