COMMENTS: The 2016 BMW i3 comes with a bigger electric battery than past models, giving it more range than ever before! This one also comes with the range extender so you can expect to get 72 miles on electric only and up to 150 miles with the range extender! Not bad! It also features a rear parking aid, navigation and heated seats!

Taxes, license, and document/administration fee may apply.
Confirm all details and specifications with the dealer.
