COMMENTS: The Fusion blends seductive styling, lively handling, and comprehensive tech features, such as SYNC by Microsoft for media connectivity, full Bluetooth integration, and voice controls. This model has the base engine; a 175-hp 2.5-liter four liter that gets up to 32 MPG highway and around 21 in the city. That fuel efficient engine is mated to a six-speed shifttable automatic transmission in front wheel drive, and offers great handling in its competent chassis.
