WARRANTY: See dealer for details.

COMMENTS: This 2020 Mitsubishi Outlander Plug In Hybrid Electric (PHEV) is featured in the very nice SEL trim level, giving you some very nice luxurious features to go along with the incredible EV technology.

Key upgrades when you step up to the SEL trim level include the all leather seating, auto on/off LED headlights & fog lights, & black headliner.

The Outlander PHEV gives you the best of both worlds by allowing you to plug in to charge the drive battery and drive fully electric around the city, but also has a 2.0L gas engine that acts as a generator so that you can still take it on long road trips without the limitations of a fully electric vehicle. Also very unique to the Outlander PHEV is that it actually uses 2 separate electric motors in the front and rear, making it the only plug in hybrid that offers full electric all wheel drive! You will save...

Taxes, license, and document/administration fee may apply.
Confirm all details and specifications with the dealer.
