COMMENTS: Kodiak is the leader in lightweight technology with its aluminum super-structure design. With units light enough to be towed by most SUVs, minivans, crossovers, and light trucks, we're sure to have the model that best fits your camping needs.

Fully Enclosed and Heated Underbelly

With a fully enclosed and heated underbelly, all of your RV's vital functions are kept out of the elements, which helps to ensure critical lines don't freeze and that unforeseen bumps don't damage sensitive systems. Plus, this extra layer of protection means you can travel further into the year.

Prices are plus taxes, license, and a documentation fee.
