COMMENTS: The Volkswagen Golf has always been a favourite in this vehicle class. VW was successful in creating a car that offered dependability, low cost of ownership, and a clean, simple design that appeals to many drivers. In 2008, VW added more of a sport look to the City edition of the Golf, with a slight redesign to the front end. This local vehicle has been fully inspected by our shop and we've completed our reconditioning. If you are looking for an affordable used car, with good fuel economy, extra room, and an attractive sign, put this 2008 VW City Golf on your shopping list and visit Castlegar Kia today.
