- Traction Control

COMMENTS: Present day Kia is not the brand we used to know, having risen from the bottom ranks of the auto industry and matured into one of the best selling cars of today. Much of the Korean automakers success in the sedan class comes from the Kia Optima model, which came out redesigned in 2010 with sleek styling, spacious interiors, and fuel efficient motors- all with an affordable price tag. This 2018 Hybrid model is equipped with Bluetooth, navigation, back-up camera, dual climate control, and steering wheel controls. Built with a 2.0L four cylinder, the Optima gets up to 46 MPG highway and seats 5 comfortably.

CITY MPG

39

HWY MPG

46

Actual mileage varies by options, vehicle condition, and driving conditions and habits
