**COMMENTS:** This Toyota Camry is one of the best values in hybrids. This 2014 Toyota Camry Hybrid is fresh on our lot in Steinbach. The 2014 Toyota Camry Hybrid is one of the most popular mid-sized sedans in North America. It's the most sensible choice for shoppers focused on value, efficiency, and comfort. The Camry has always been known for smooth comfort but, while it may surprise some, the 2014 Hybrid version is more than just merely competent in getting down the road, even when the pavement has a lot of twists and turns. The 2014 Camry delivers a better ride than past models, with handling and response that would likely amaze and delight previous owners. Along with the commendable ride and handling, the 2014 Camry also gets high marks for its quiet interior. Add it all up, and the Camry Hybrid no longer has to be considered for its utilitarian and resale values alone. This sedan has 125,298 kms. It's silver in colour and is major accident free...
