COMMENTS: Minivan with a rear dvd player and under, v-6 engine, automatic, keyless entry, middle bucket seats, power windows and locks, good windshield, tires about 40% remaining, will be inspected and ready to go - this van came from saskatchewan so it needs an out of province inspection, we started the inspection and noticed that the unibody frame and floor boards under the driver seat is rusted through in 2 spots so we decided to sell the van as seen.
