**COMMENTS:** This 2019 Jetta S is the most basic trim level in which the Jetta is offered, with just the essentials: power windows, locks, mirrors, and an all cloth upholstered interior, with a few extras like a tire pressure monitoring system, dark tinted windows, and a handy auxiliary input jack for music connectivity. Think of this as the minimalistic approach to a very affordable, safe, reliable and extremely fuel efficient means of getting from A to B. It's perfect for those who seek something simple, and want to save a ton on gas with a 2.0L engine that gets up to 32 MPG!
