COMMENTS: Over the last decade, the battle of small/ compact pick-up trucks has produced two survivors that return to production (and subsequently, sales success), year after year: the Toyota Tacoma, and Nissan's Frontier; the latter shown here. This is the 2019 SV model, well equipped inside and out with features such as a protective bed liner, Bluetooth, USB port, Bluetooth Apps, and an auxiliary audio input port. Built with a stout 4.0L six cylinder, the Frontier makes up to 265 HP and an impressive 281 lb-ft of torque, making this pick-up a capable work horse and eager to use that towing equipment! This model comes as a 2 wheel drive/four door quad cab and seats 5!...
